In preparation for your FREE Portfolio Consultation - we'd like to ask you a few key questions - to understand your situation a little better:

You can print out this page (if you like) - and jot down a few notes for when we chat - CALL **0800 77 234 88**

1) Please jot down a few details about the properties in your portfolio - so we can begin to understand your portfolio better.

2) What's your situation and why are you considering selling your property portfolio at this particular time?

3) What's your ideal outcome from the sale. "If you could wave a magic wand then what would you like to see happen?"

4) Are you under any time pressures to sell quickly? Or is "slow and steady" better for you?

5) And finally - anything else you'd like to share about your portfolio?
